**Incubus (Daughters of Lilith, #2) by Jennifer Quintenz**

Incubus (The Daughters Of Lilith: Book 2). I read Thrall the first book in the Daughters of Lilith Series some time ago and I remember thinking it.

Braedyn Murphy used to think nothing important ever happened in her sleepy town of Puerto Escondido. But that was before she learned she was a descendent.

It was really different from the first book, and how she showed complete faith and trust in the Guard to do their shit. Yes, there are good guys on the Guard. Now that Braedyn has come to accept what she is, and has Incubus Daughter: Book Two 17, she is beginning to really test her boundaries, just like any normal teenager. Chapter 17 I'm actually looking for the book to give me a reason to start cheering for the Lilitu, because frankly, Braedyn and Karayan are the two most honestly likable characters in this world. Cassie bit her lip, muffling a giggle. The wings, the girl, the sword.

I expect this book to pick up the story-line from the ending of Thrall, and if you weren't hooked before, by Thrall alone, Incubus ensures you'll diarise the rest of the books to come. Only at the end is the full extent of the incubus's deception revealed.
