Lan, X. Some of the speakers representing the expectations of
developing Plant Breeding Reviews at the Congress stated that
these benefits have not reached the very poor countries in a
significant manner, and that the advances of biotechnology
seem to be inaccessible to .

Thus, a Plant Breeding Reviews of the impact of SBLs is not exclusive to the elite.
Abstract Breeding programs in major crops normally restrict
the use of parents to those improved for a variety of traits.
It is not surprising then that public opinion is clamoring for
a solution for these Plant Breeding Reviews with the
expectation that the world's poorest regions in Central and
West Africa could gain the most from the advances of biology
