The most successful civic action project, however, was clearly the use of the camp medics to treat the villagers. These booby traps had all been established to discourage anyone from following the trail, which led to an enemy training area that Valor in Vietnam: Chronicles of Honor discovered on a later patrol. Upon their approach, a shot rang out, after which they moved forward quickly and discovered a camp consisting of three recently vacated Montagnard long houses. Overall, I finished the book questioning what I missed in the first section. His training and desire gave him assurance that he would succeed because he reflected the positive attitude that all military personnel should possess. Amazon Global Store.
