Preview this Book. This is when business functions within a company act as stand-alone entities, formulating their own strategies and work plans in parallel with other business functions, rather than cross-functionally.

For decision-makers, more time can be spent on solving the problems rather than...
By Maria Teresa Faregna October 30, To address the issue of slow decision making, the underlying process and key levers need to be understood.

This leads to a less communicative and collaborative environment, as well as...
first focused on automating IT request forms but has since expanded the use of BPM to include automating the town's budget process.
