Backward linkages. As a response to the preceding antithetical positions on tourism development, the s witnessed the emergence of alternative, though idealistic, approaches to tourism.

WorkindiverseeconomiesSage,CConcludingconferenceofresearchproject Sage ; Global population growth and economic development. In reviewing the literature, Cleverdon and Kalisch suggest that far from bringing economic prosperity to developing countries, tourism has great potential to reinforce economic dependency and social inequality. However, as will be discussed below, development theory is at a crossroads. Newideasontopicssuchasempowerment,humanrightsandpeacemaybeshared, development paradigms are summarized in Table 1.
